

Brian Betz received his doctoral degree in clinical neuropsychology from Louisiana State University. He completed a post doctoral fellowship in geriatric neuropsychology at UCLA neuropsychiatric Institute and Hospital. He has been a licensed clinical psychologist in the State of California for the past 19 years. Dr. Betz began his career as an Assistant Clinical Professor of Neurology at the USC Keck School of Medicine. His professional career has been entirely devoted to forensic behavioral health programs at Twin Towers Correctional Facility in Los Angeles and at the California State

Prison Los Angeles County. He is currently the Administrator for Detention Behavioral Health Services for Riverside County where he oversees all behavioral health services for the County's five adult detention facilities.
